The mission of The Rotary Foundation is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty. More than 100 years ago, Rotarians took bold action to empower generations to come — they established The Rotary Foundation to secure a better future.

Today still, The Rotary Foundation transforms gifts into projects that change lives close to home and around the world. As the charitable arm of Rotary, the Foundation benefits from a global network of Rotarians who invest their time and expertise ensuring that projects are high-impact and sustainable and meet the most pressing needs of the communities they serve. Strong financial oversight, a stellar charity rating, and a unique funding model mean that Rotary makes the very most of your contributions.
ENDOWMENT AT A GLANCE

The Rotary Foundation created the Endowment in 1982 to give future generations of Rotarians the additional resources they need to design and implement sustainable projects year after year. While a gift to the Annual Fund helps people live better lives today, gifts to Rotary’s Endowment support the same life-changing programs forever.

Contributions to Rotary’s Endowment are invested and professionally managed to provide each year a source of funding to support Rotarians’ local and global philanthropic work. This year, the Endowment provided funding of $17.6 million in support for the work of the Foundation. This funding provided Rotary Peace Fellowships, contributed to global grant projects around the world, and enabled districts to address the needs of their own communities through district grants. As the Endowment grows, so does the good that Rotarians can do in the world.

NAMED ENDOWED FUNDS

With a gift of $25,000 or more to the Endowment, Rotarians or friends of Rotary may create a permanent legacy in their own name or in honor of a friend or family member. Rotary pools these gifts for investment purposes but maintains a separate accounting for each named endowed fund. Donors receive a personalized endowed fund certificate suitable for framing when their fund is established, as well as annual financial updates.

As of 30 June 2019, there were 1,821 named endowed funds within the Endowment, representing 47 countries and geographical regions around the world. The face value of named endowed funds totaled $256.1 million. In 2018-19, 165 new named endowed funds were established, with contributions totaling $11.5 million.

Visit rotary.org/legacy for information on endowed naming opportunities.
ENDOWMENT INVESTMENTS

INVESTMENT OBJECTIVE

The Rotary Foundation invests Endowment assets to ensure funding for today’s programs while sufficiently growing the portfolio to support Foundation programs in the future. Rotary seeks to generate an average annual investment return over time at least equal to the rate of inflation plus the average distribution rate. The following asset allocation strategy has been implemented to achieve this goal.

PORTFOLIO ASSET ALLOCATION TARGETS*

- Fixed income and cash equivalents: 15%
- Hedge funds: 10%
- Real estate: 10%
- Equity: 53%
- Private investments: 12%

* The actual asset allocation may deviate from the target allocation within ranges set forth in the investment policy statement.
INVESTMENT MANAGEMENT

The Trustees of The Rotary Foundation are responsible for setting overall investment policy, including the investment objectives and asset allocation strategy.

The Investment Committee is responsible for recommending to the Trustees changes to the Investment Policy Statement, overseeing the implementation of the investment policy, and reviewing and monitoring investment results.

The Office of Investment is led by the chief investment officer and is responsible for the daily operation of the Endowment, the implementation of and compliance with the statement of investment policy and guidelines, decisions on how to allocate assets to the various investment strategies and investment managers, and the tracking and monitoring of investment performance.

External professional investment managers are appointed by the Office of Investment to invest the assets of the fund on behalf of The Rotary Foundation.

INVESTMENT PERFORMANCE

The Endowment’s investment return for Rotary year 2018-19 was 4.7 percent. The investment returns net of fees for each fiscal year since 1999 are shown below. The average annual rate of return during this period was 4.2 percent.

ENDOWMENT SPENDING

SPENDING POLICY

The Rotary Foundation Trustees set spending rates for the Endowment each year. Spending from each named endowed fund is determined by comparing its market value as of 31 December with the principal amount contributed (the gift value).

This allows as many named endowed funds to support Rotary programs as is possible. Any named fund that has a market value that is at least 90 percent of the total contributions to the fund will provide spendable earnings for the fund’s designated programs. If a fund’s market value is less than 90 percent of the total gift value, distributions will be deferred in order to build the fund for the future. This policy allows the Foundation to maximize support for programs today while letting the Endowment grow so it can also support programs in the future.

‡ 1.8% for program awards, 0.2% for program operations
**SPENDABLE EARNINGS**

The Endowment makes an annual distribution for programs and operating expenses equal to the amount of spendable earnings approved by the Trustees. For Rotary year 2018-19, spendable earnings totaled $17.6 million, of which $15.9 million was used for programs ($14.5 million for awards and $1.4 million for program operations), $1.0 million was used for fund development, and $0.7 million for general administration expenses.

Spendable earnings are transferred to a spendable earnings account, and if they are not used in the year they are made available, they remain in the account to be used in a subsequent year. This protects spendable earnings from market fluctuation before they are utilized for the intended program.

**ENDOWMENT EARNINGS AVAILABLE FOR SPENDING (IN MILLIONS OF US$)**
Rotarians are working toward the goal of reaching $1.0 billion in net assets* and $1.025 billion in commitments† for future gifts, totaling $2.025 billion for the Endowment by 2025. As of 30 June 2019, net assets came to $487.5 million and commitments totaled $828.9 million, for a combined total of more than $1.3 billion.

**GOAL $1.025 BILLION + $1 BILLION = $2.025 BILLION**

Combined total = $1.316 billion

* Net assets include life income agreements, which are irrevocable contributions that provide a beneficiary with payments for life or for a set number of years. The donor receives a U.S. charitable tax receipt for a portion of the face value of the gift.

† A commitment is typically a provision in a person’s will or other estate plan that names The Rotary Foundation Endowment as a beneficiary. Commitments are not current assets of the Foundation and are not included in audited financial statements.
