2019 COUNCIL ON LEGISLATION OF ROTARY INTERNATIONAL

REPORT OF ACTION

14-18 April 2019 | Chicago, Illinois, USA
Dear Rotarians:

The Council on Legislation of Rotary International met 14-18 April 2019 in Chicago, Illinois, USA. In accordance with section 9.150.2. of the RI Bylaws, I am issuing this report on the actions taken by the Council, including the 47 pieces of adopted legislation.

117 pieces of proposed legislation were transmitted to the Council: 116 enactments (proposals to amend the constitutional documents of RI) and one position statement (proposals which seek to state a position of Rotary International). The Council adopted 46 enactments and one position statement. The Council rejected 55 proposals and 15 proposals were withdrawn from consideration. Of the 46 adopted enactments, 7 were adopted with amendments, which are noted in the report with an asterisk (*).

The legislation contained in this report is presented in the format used by the Council. It illustrates changes to the current constitutional documents of RI by underlining new text and striking through deleted text.

As you study these items of legislation, please bear in mind that each piece of legislation must stand alone as it was adopted. Where two or more pieces of legislation seek to change the same section of a document, all overlapping and correlative changes will be made by the Council Operations Committee during the revision of the constitutional documents. Legislation will take effect on 1 July, unless otherwise noted in the item of legislation.

At the end of this report is an Opposition to Legislation Report Form. In accordance with section 9.150.3. of the RI Bylaws, any club may use this form to record its opposition to an adopted enactment or position statement. Completed forms must reach Council Services by 1 August 2019. Please note that a club should complete and return the form at the end of this report only if it wishes to oppose some action by the Council. If a club does not wish to oppose an action of the 2019 Council on Legislation, no action is required.

While it is rare, if the required number of votes in opposition are filed regarding any item of legislation adopted by the Council, the item will be considered suspended. A ballot of all Rotary clubs will then be conducted according to the provisions of sections 9.150.5. to 9.150.7. of the RI Bylaws. Based on the results of the ballot, the suspended item will either be nullified or reinstated.
Should you have any questions about the Council or the adopted legislation, please contact Council Services at council_services@rotary.org.

Sincerely,

John Hewko
General Secretary

Article 5 Membership

Section 2 — Composition of Clubs.
(a) A club shall be composed of adult persons who demonstrate good character, integrity, and leadership; possess good reputation within their business, profession, occupation, and/or community; and are willing to serve in their community and/or around the world and having their place of business or residence located in the locality of the club or the surrounding area. A member moving from the locality of the club or the surrounding area may retain membership in the club where the member’s board grants such permission and said member continues to meet all conditions of club membership.
(b) Each club shall have a well-balanced membership in which no one business, profession, occupation, or type of community service, or other classification predominates. The club shall not elect a person to active membership from a classification if the club already has five or more members from that classification, unless the club has more than 50 members, in which case the club may elect a person to active membership in a classification so long as it will not result in the classification making up more than 10 percent of the club’s active membership. Members who are retired shall not be included in the total number of members in a classification. The classification of a transferring or former member of a club, or a Rotaractor or Rotary alumnus as defined by the board, shall not preclude election to active membership even if the election results in club membership temporarily exceeding the above limitations. **Article 4 Membership in Clubs**

4.030. *Transferring or Former Rotarian.*
A member may propose to active membership a transferring member or former member of a club. The transferring or former member of a club being proposed to active membership may also be proposed by the former club. The classification of a transferring or former member of a club shall not preclude election to active membership even if the election results in club membership temporarily exceeding the classification limits. Potential members of a club who have debts to another club are ineligible for membership. Any club wishing to admit a former member shall demand that the potential member provide written proof from the previous club that all debts have been paid. The admission of a transferring or former Rotarian as an active member shall be contingent upon receiving a certificate from the board of the previous club confirming the prospective member’s prior membership in that club. A club shall provide a statement whether debts are owed when requested by another club with respect to its current or former member being considered for membership in the other club. If such a statement is not provided within 30 days of being requested, it shall be assumed that the member does not owe any money to the club.

Persons elected or appointed to public office for a specified time shall not be eligible to active membership in a club under the classification of such office may retain their existing classifications during the time they hold office. This restriction shall not apply to persons holding positions or offices in schools, colleges, or other institutions of learning or to persons who are elected or appointed to the judiciary. This restriction shall not apply to persons holding positions or offices in schools, colleges, or other institutions of learning or to persons who are elected or appointed to the judiciary. Members who are elected or appointed to public office for a specified period may continue as such members in their existing classifications during the period in which they hold such office.

and in article 11 (pages 90-91 MOP)

**Article 11  Classifications  Club Membership Composition**

**Section 1 — General Provisions.**

(a) **Principal Activity.** Each member shall be classified in accordance with the member’s business, profession, occupation, or type of community service. The classification shall be that which describes the principal and recognized activity of the firm, company, or institution with which the member is connected or that which describes the member’s principal and recognized business or professional activity or that which describes the nature of the member’s community service activity. The board may adjust a member’s classification if the member changes positions, professions, or occupations.

(b) **Correction or Adjustment.** If the circumstances warrant, the board may correct or adjust the classification of any member. Notice of a proposed correction or adjustment shall be provided to the member and the member shall be allowed a hearing thereon.

**Section 2 — Limitations** This club shall not elect a person to active membership from a classification if the club already has five or more members from that classification, unless the club has more than 50 members, in which case, the club may elect a person to active membership in a classification so long as it will not result in the classification making up more than 10 percent of the club’s active membership. Members who are retired shall not be included in the total number of members in a classification. The classification of a transferring or former member of a club, or a Rotaractor or Rotary alumnus as defined by the board of directors of RI, shall not preclude election to active membership even if the election results in club membership temporarily exceeding the above limitations. If a member changes classification, the club may continue the member’s membership under the new classification notwithstanding these limitations.
Section 2 — Club Membership Composition as a Tool to Promote Diverse Club Membership. This club’s membership should represent a cross section of the businesses, professions, occupations, and civic organizations in its community, including age, gender and ethnic diversity.

and in article 15 (pages 94-96 MOP)

Article 15  Duration of Membership

Section 2 — Automatic Termination.

(b) How to Rejoin. When the membership of a member has terminated as provided in subsection (a) of this section, such person, provided such person’s membership was in good standing at the time of termination, may make new application for membership, under the same or another classification business, profession, occupation, community service, or other classification.

Section 3 — Termination – Non-payment of Dues.

(b) Reinstatement. The board may reinstate the former member to membership upon the former member’s petition and payment of all indebtedness to this club. However, no former member may be reinstated to active membership if the former member’s classification is in conflict with article 11, section 2.

Section 5 — Termination – Other Causes.

(e) Filling Classification. When the board has terminated the membership of a member as provided for in this section, this club shall not elect a new member under the former member’s classification until the time for hearing any appeal has expired and the decision of this club or of the arbitrators has been announced. However, this provision shall not apply if, by election of a new member, the number of members under the said classification would remain within provided limitations even if the board’s decision regarding termination is reversed.

WHEREAS, these cost savings and increased revenue opportunities would serve to reduce future per capita dues increases, and

WHEREAS, in November 2016, the RI Board established a corporation in the state of Illinois named Rotary International Holdings, NFP (RIH) that has no assets and no operations, and

WHEREAS, RIH applied to the United States Internal Revenue Service for tax-exempt status under section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service was informed that if RIH received section 501(c)(3) tax-exempt status, then, with approval of the 2019 Council on Legislation, RI and RIH would be merged. The merged corporation would be known as Rotary International and would operate and be governed in exactly the same manner as RI is currently, and

WHEREAS, the Internal Revenue Service granted the exemption in August 2017, and

WHEREAS, through this proposed position statement, the RI Board is seeking authority and direction of the 2019 Council on Legislation on behalf of the member clubs to take all appropriate action to merge RI with RIH, and

WHEREAS, clubs and districts in the United States are currently automatically tax-exempt under a group exemption under section 501(c)(4). This proposal will not change that. The US clubs and districts will remain exempt under a group exemption under section 501(c)(4). RI has applied to the Internal Revenue Service to continue that group exemption and is awaiting approval. If the approval is not granted, the process for converting RI to a section 501(c)(3) organization will be halted, and

WHEREAS, this change in the tax status of RI will not change the role of The Rotary Foundation as the primary charitable global fundraising vehicle of Rotary

IT IS THE POSITION of the 2019 Council on Legislation that the RI Board is authorized and directed to take all necessary and appropriate actions to convert RI into a tax-exempt organization under section 501(c)(3) of the United States Internal Revenue Code, including merging RI into RIH. However, the RI Board is directed not to take such action in the event that the application to the United States Internal Revenue Service to continue the group exemption for clubs and districts in the United States is not granted.
