<sup>1</sup> Other program awards include return of funds on original grants, previously referred to as Educational Programs and Humanitarian Grants Program.

<sup>2</sup> U.S. accounting standards require pension-related changes to be made when the fair value of retirement plan assets is not equal to the plan's projected benefit obligation. Rotary International allocated the effect of ASC 715 to The Rotary Foundation, based on the Foundation's proportionate share of payroll expenses. On 31 December 2014, the plan benefits were frozen and the plan was terminated. Assets were fully distributed by June 2016.

<sup>3</sup> Net assets are the difference between a company's total assets and liabilities. Annual Fund - SHARE and World Fund net assets also include the Operating Reserve.

<sup>4</sup> Net assets for Directed Gifts include gifts for areas of focus and Rotary Peace Centers.
