- Sudan
- Syria
- Yemen

Exceptions may be granted only by Rotary’s general secretary.

DISEASE OUTBREAK/PANDEMIC BAN LIST

COVID-19 RESTRICTIONS
Funded travel (domestic and international) is highly restricted due to the COVID-19 pandemic. This illness, caused by the novel coronavirus, is being transmitted among people worldwide. Because there are disease-related health risks, and travel assistance and evacuation services cannot be guaranteed, Rotary-funded travel to, from, and through all countries is mostly restricted until further notice. Travel requests will be reviewed on a case-by-case basis.

The U.S. Centers for Disease Control and Prevention has rated the following country at level 3, their highest rating. Because there are disease-related health risks and travel assistance and evacuation services cannot be guaranteed, travel to the following country is mostly restricted until further notice.

- Venezuela

Even if a country does not appear on this list, it is always your responsibility to investigate areas you plan to travel to and assess the risks.

Please check this list often for updates.
