Leadership Development Program

The Rotary Club of Columbus, Georgia, USA, is proud to unveil its first leadership development program: a mentoring initiative aimed at connecting members through the sharing of knowledge and experiences. As connections form, our club grows stronger, and our members get the opportunity to learn from one another.

Program Guidelines

☐ The mentee is responsible for scheduling interactions with the mentor. The mentor is responsible for being reasonably available to interact with the mentee.

☐ The program period is 1 January to 15 April.

☐ The mentee and mentor should have at least four interactions during the program period. An interaction is simply having lunch, coffee, or maybe a meeting at either the mentor’s or mentee’s office. Each interaction should last between 30 and 60 minutes.

☐ Ultimately it is up to the mentor and mentee to determine the conversation topics, but a few examples might include:
  o Profession, including current role and industry challenges
  o Educational background and interests in school (athletics, extracurricular activities, etc.)
  o Rotary involvement
  o Current or future community service
  o Unique experiences or goals, such as skydiving, hiking the Appalachian trail, boating trips, international travel, etc.

☐ Opportunities for group gatherings may be announced along the way, so stay tuned!
